Mrs. C. T. Barnard Dead.

Died, at the home of her parents,
Mr. and Mrs. J. H. Weltmer, in this
twenty-two years, four months and
sixteen days.

Seldom has it been our duty to re-
cord so sudden a death. A dark
gloom spread over the whole commu-
nity when it was whispered from one
to another Sunday morning that Beu-
lah had gone.

She was of an affectionate dispo-
sition, bright and winning in her ways,
so that friendship's circle was to her
a large one. Indeed it may be said
of her, that "none knew her but to
love her."

Only a few years ago she was mar-
ried to Chas. T. Barnard, whom she
leaves with her parents, brothers and
sister to mourn her loss. Her sick-
ness was of short duration. Seemingly
with us today, active in life's
round of duty and love, but gone to-
morrow.

Here she played as a child, devel-
oped into beautiful womanhood, here
she married and helped to establish a
home of her own, here her busy life
was spent, her battles fought, her
faithful service rendered to the world.
In this dearest of all places to her
she lies down at length to sleep and
rest.

The funeral services were held
Monday afternoon at 3 o'clock from
the M. E. church, and was attended
by a large circle of sympathizing
friends. The remains were laid to
rest in the city cemetery.—Cliffin
Clarion.

ship was in the city Monday in con-
nection with the new road deal near
his place.

wood, were in the city Sunday, vis-
iting Ames Johnson and family.

pound parties, which means that ev-
eryone who attends will bring along a
pound of something useful. There
was a very large number present, and
the way the Reverend Father's larder
was replenished was not slow. Re-
freshments were served, and all pres-
ent enjoyed the evening very much.

Meat and Money

On the big Laramie Valley Lands one of the easiest crops to grow is Field Peas, and with field
Peas it is the easiest thing in the world to fatten hogs, and you know what a bunch of hogs
will do for you when fattened. Why they will pay for that **IRRIGATED LAND** in a
short time and give you the profits on wheat and alfalfa to swell your bank account with.

Wheat, Alfalfa and Hogs

Will make a farmer rich. Don't you think you better investigate these lands before it is too late?

Own a Farm

AND have that farm irrigated so that you need not fear a crop failure

80 Acres Irrigated Land

First payment at \$15.00 per acre \$ 800.00

Annual payments of \$5 per acre for 4 years 1600.00

Total - - - \$2400.00

In order that the farmer may pay for his land, handsomely improve it, and start
a neat bank account, the state of Wyoming provides that the first payment on the
water rights is not to be made until the eleventh year, after which time, the farmer
pays through the office of the County Treasurer, in the same manner as he would pay
his taxes, the sum of \$20 per acre in ten equal payments, at which time **He Owns**
the Water for his land, and owns his proportionate share in the reservoir, canals,
ditches and entire irrigating system. He has a perpetual, paid-up water right.
